

The school council is a representative, school building-based committee composed of the principal, parents, teachers, and community members who work together to provide the school with different and mutually complementary perspectives on its improvement goals and plans. School councils work to assist principals in:

1. Adopting educational goals for the school that are consistent with local educational policies and statewide student performance standards
2. Identifying the educational needs of students attending the school
3. Reviewing the annual school building budget
4. Formulating a school improvement plan

Public Conversation: A portion of every meeting will be designated for public conversation. The council welcomes public input and will take the time to listen and consider topics and issues that affect the school. At all other times during the meetings, non-council members shall not enter into discussion or debate unless request by the chair. This council will not permit comments criticizing individual staff or students since this is outside the scope of public comment.

Please reach out to your parent, community or teacher representative with any questions, comments, ideas, opinions and suggestions that you would like to be addressed or heard outside of public conversation.

Parent Representatives:

Irene LaRoche email: islaroche29@gmail.com
Shawn Durrett email: smdurrett@gmail.com
