

Dear Parents/Guardians,

Throughout the school year as part of the educational program at Conway Grammar, students may be videotaped, audio taped or photographed. For academic purposes and community outreach, some of these materials may be published from time to time.

Publication may occur through television, electronic web, newspaper or magazine. If you do not want your child's photographic image or voice published through various types of media, you must notify the school office in writing.

Thank you for your cooperation.

Sincerely,
Dr. Judy Siciliano
