Frontier Regional and Union 38 School District
Strategic Plan
~2017 – 2019~

Vision
Frontier Regional and Union 38 Schools will create vibrant, collaborative, engaging, learning communities that empower students to become successful and self-sufficient participants in society.

Theory of Action
If our schools deliver the district curriculum, continuously monitor its effectiveness through examining instructional practices and relevant evidence of learning, then Frontier Regional and Union 38 students will demonstrate continuous social growth and strong academic achievement.

</table>
| **Instructional Practice**        | • Review and align current curriculum maps with the 2017 ELA and math frameworks and the 2016 science frameworks.  
• Ensure instructional practices demonstrate the application of recent professional development and district priorities, including differentiation and critical thinking skills.  
• All administrators will calibrate the use of the state evaluation system for developing high quality instructional practice. |
| **Assessment and Data Analysis**  | • Create a Student Assessment Plan.  
• Develop the use of data to create differentiated lessons to support the needs of all learners.  
• Conduct data analysis of student performance with teacher teams to inform instruction.  
• Continuously monitor the effectiveness of MTSS (RtI).  
• Set up systems to evaluate key district functions such as: curriculum design, instructional effectiveness, intervention programs, professional development and budgeting |
| **Special Education Services**    | • Develop an interdisciplinary district-wide task force to develop the district special education plan.  
• Identify best inclusionary practices for meeting the needs of students with special needs.  
• Ensure students are receiving specialized instruction from highly qualified teachers and related service providers in the least restrictive environment.  
• Ensure that systems are in place for RtI, IEP evaluation process, and a continuum of supports and services that meets the needs of all identified learners. |

Building dynamic learning communities, one student, one teacher, one family at a time.
